## Nieuwsbrief maart 2023 - 1

The new year is well under way, it's time for the first info-bulletin for 2023.

### **Vacancies for Directors and the Board of Commissioners**

There are currently three directors on the board, and that is two members too few. We have vacancies for a treasurer and a secretary. In addition, the Board of Commissioners could use a general, supporting member. Both the Board of Directors and the Board of Commissioners work for everyone who is a resident in our building and do important work for you and your building's environment. Should the Board of Directors collapse due to the heavy work load or the loss of one of the three remaining members, we will be forced to outsource the work, which will unfortunately cost us all a considerable amount of money. Anyone interested in volunteering (with compensation) for the outstanding vacancies can contact the Board for more information.

### **General Meeting for Members**

This meeting will be held on either 9 May or 16 May in the Schouw. Plan these dates in your agenda.

### **New email addresses**

Rental Affairs: [verhuur@vvebuikslotermeer.nl](mailto:verhuur@vvebuikslotermeer.nl)

### **Maintenance Planning for 2023**

-Cameras will be hung in all the buildings before summer. Unfortunately, these are necessary for our security and the detection of disturbances and those people who are creating a dirty mess.

-Also before the summer, the firm Ijbouw will renew the doors and frames on the roof. This is necessary due to wood rot.

-The firm Compier is going to paint the doors and frames on the ground floor of the front side of the building and the window frames on the back side.

## **Rental Affairs**

Questions and remarks concerning disturbances should be directed to [verhuur@vvebuikslotermeer.nl](mailto:verhuur@vvebuikslotermeer.nl). First try solving the problem by contacting your building's Complex Commission. They are your first point of contact.

## **Neighborhood Board Nieuwendam Noord West**

These enthusiastic and involved citizens are energetically working for a healthy, clean and safe living environment. Important issues include parking problems, the possible placement of windmills in our area, and the disturbance caused by the sound barriers on the highway being too low. You are very welcome to join their meetings so you can voice your opinion on these important questions. Here are the details of the next gathering:

Buurtbeheeroverleg Nieuwendam-Noordwest,  
Huis van de Buurt, Dollardplein 2,  
Tuesday, 28 March 2023, starting at 19:30.
